No 10 21st June, 2023

From the Principal's Desk

As we move into wet weather please ensure your child has appropriate footwear and clothing for outdoor activities.

From our uniform policy;

Shoes

Appropriate shoes need to be worn (i.e. flexible sole) to enable students to participate in physical activities such as running and climbing on equipment. Thongs, platforms, high-heeled shoes or slip-ons are not safe options at school. We are also noticing an increasing number of students wearing makeup and fake nails

Jewellery, fake nails and make up

Generally, jewellery is not appropriate for school wear for safety reasons during more active periods of the day - only sleepers or studs should be worn in ears. Make up, unless for genuine medical reasons, is not appropriate for school. Makeup removal wipes will be provided to students wearing makeup.

Fake nails often interfere with daily school activities and cause students to want to opt out of classes such as PE, we have also had accidental injuries resulting from their use. Please ensure fake nails are limited to school holiday periods only and ensure they are removed before heading back to school. We will be enforcing these expectations from term 3.

Next week we have swimming lessons for years R-5. You will have received permission forms via email that need to be completed ASAP. If you need help with a payment plan don't hesitate to contact Michele our business manager.

Essential requirements are:

- ☐ **Bathers/Recognised swim wear** - It is recommended that sensible bathing attire with no loose ties or straps is worn for all students
- ☐ **Towel**
- ☐ **Named plastic bag** to store wet clothes in after swimming
- ☐ **Spare underwear** to put on after the lesson
- ☐ **Goggles** (optional)
- ☐ **Swimming cap/hair tie** to keep long hair tidy
- ☐ **Medical Form and medication** if required. Every child must have a medical form and where appropriate a Health Care Plan attached or a note if the child has to take their Ventolin puffer before exercise. If the student's medication has been forgotten students will not be allowed to participate. Children must use their own medication. Medication cannot be out of date.

Marg Clark

Term 2 2024 29th April – 5th July

June	25 th	Reception transition visit 9.15-11.15
	28 th	Pupil Free Day
July	1 st -5 th	Swimming Week
	5 th	End of term 2, 2:15pm finish

There is **NO** elevator to **SUCCESS**.
You have to take the **STAIRS**.

Room 8

In Writing, Room 8 have been learning about Narratives. We are learning about the structure of narratives and how to plan our stories. Our narratives begin with a 'Sizzling Start' to grab our reader's attention. We are focusing on describing our setting and characters in detail. Interesting vocabulary, adjectives and inferences help make our stories even more engaging.

Room 8 have been investigating food and fibre production and are using a new digital platform to complete our research. We are creating flow charts on our chosen food or fibre to illustrate the processes we have learnt. Room 8 have also learnt about how greenhouses and hydroponics are used to produce food. We even planted Pak choy in our school's greenhouse.

In buddies, we have particularly enjoyed designing treasure maps with Room 0. We have discussed the features of maps and birds-eye view. With our buddies, we are coding Ozobot robots to follow lines and detect colours to navigate through our treasure maps, using visual codes. Our teamwork has featured on an episode of Prospect North TV.

PE: JP Fundamental Movement Gym!

In PE this term our JP learners are exploring fundamental movement through active play. They are investigating locomotor and non-locomotor movements, as well as object control in a range of sport and recreation situations. Each week the fundamental movement gym changes, offering new opportunities to explore, whilst building balance, strength and coordination. We are then transferring our new learning into fun cooperative fitness games where we get to practice hopping, running, jumping and balancing. We are having some wonderful discussions about our learning and developing our physical literacy skills.

T15's Farm

This term our class has been designing a sustainable farm. We have five groups and they are power, water, business, agriculture and animals. The power group figures out what is the best way to sustainably source power. The water group comes up with different ideas to store the amount of water we need to water the plants and for our animals to drink. The business group handles what we buy and they also give us a budget to use. The agriculture group figures out how many and what crops we should plant and where we should plant them. In the animal group we make the animals by 3D printing them. We also figure out what shelter, food and how many we need to make a profit.

We have elected our CEO, chairperson, treasurer and deputy treasurer to elect them We all had to make a speech on why we should get voted and then vote for who we think would suit the role the best. Now they are working together to design a map of our farm.

We are going to build the
farm ourselves
in the upcoming weeks

By Ivanna and Nikita

Nova 919 Visit

We were privileged to have Nova 919 visit our school last week. They were promoting Handball Blitz, a statewide handball competition, with the grand finalist playing at the Adelaide Oval in front of a footy crowd. The winner takes home \$1000.

Savio from Studio 18 registered our school to take part in the competition.

Following a special assembly, the Nova 919 crew got out in the playground to play some handball with the students.

**TERM 2
HOLIDAYS**

MASTER CLASS

Tuesday 9th July
AGE GROUP: 10-16 YEARS OF AGE

Take your game to the next level at our Football Master Class. Our Senior Players will pass on their knowledge and teach you how to play the game and improve your position based skills. For female & male players aspiring to be play Football at a Senior Level.

10am until 12:30pm Prospect Oval
Price: \$60 | 2024 NAFC Members \$30

Inclusions

- 2.5 hour clinic
- NAFC Cap
- Football
- BBQ Lunch
- Team poster
- Junior Membership

REGISTRATION
is compulsory via our online shop - nafc.com.au or the above QR Code

**IT'S PLAY TIME!**

SCHOOL HOLIDAY CLINIICS
Day & Date: Thursday 18th & Friday 19th July
Time: 9am - 12pm (both days)
Cost: \$50
Location: Prospect Oval

**4-8 year olds**

**TERM 2
HOLIDAYS**

FOOTY SCHOOL

Monday 8th July
AGE GROUP: 5-12 YEARS OF AGE

Come and have lots of fun playing Footy with our Senior players. This School Holiday Clinic is designed for School aged children from 5-12 years of age. With no football experience required. We encourage as many girls and boys to get involved and learn the basic skills of Football.

10am until 12:30pm Prospect Oval
Price: \$40 | 2024 NAFC Members \$30

Inclusions

- 2.5 hour clinic
- NAFC Cap or Drink Bottle
- Football
- BBQ Lunch
- Team poster
- Junior Membership

REGISTRATION
is compulsory via our online shop - nafc.com.au or the above QR Code

Year 1 & 2s Bee Local Walk

The Year 1/2 class families have been enjoying our new Design Thinking topic, which has been focusing on bees.

During the Immersion phase we have learnt:

- About the different types of bees
 - Bee's anatomy
 - Bee lifecycles
- The pollination process
- Learnt what nectar is

Once we became experts about bees, we went for a local walk to different parks and playgrounds to identify if our local parks were a good place for bees to live. We needed to find evidence of if our parks had strong smelling flowers, water sources, shelters, bee homes, bee hives, shelters and if we saw any bees already living there. Our next steps are to look through the evidence collected at the different local parks and see if we can come up with some ideas to help encourage more bees into our local area.
